## THE PALM BALLROOM

RECEPTION, up to 40 guests

What is a Micro Wedding? A Micro Wedding consists of an intimate ceremony and oftentimes a small reception to follow with a modest number of guests, usually less than 30. Small scale, intimate weddings--aka, Micro Weddings give couples an opportunity to create a personalized unique experience for them and their guests, while still having all the same elements of a traditional wedding. The benefit to choosing to host your Micro Wedding with Belvedere & Co. Events is that we will handle all the arrangements with some of our amazing vendor partners for a stress free planning process that leads to a memorable evening with your closest family and friends.
